### *What are you sponsoring?*

We provide our students with a twice a year professional showing of their work, made at ARTree. This gives students a chance to publicly exhibit their art, which increases self-esteem, and encourages continuation in the arts.

### *Who are our students?*

Our classes and free events serve ages 3-103, and include under-served populations. All of our students are asked to submit their favorite piece made during that semester.

### *How is the money spent?*

Student artwork is framed and hung in the Santa Clarita Artists Association gallery, located next to ARTree, and is open to the public. A reception is held for family and friends. Your sponsorship will help with the costs of frames, gallery fees and reception.
